Assistant Director Report

November was portfolio month, the staff and children put lots of hard work into their portfolios. If you didn't have an opportunity to meet with your child's care giver in November there is still time to connect and take your child's portfolio home. Please connect with your child's caregiver to make arrangements that will work for you!

Last winter we planned a winter field trip and postponed it due to the weather. This year we are focusing more on bringing special guests and events to the centres. By doing this we will be able to experience more than one special day or visitor by not using transportation! We would love to hear about any special visitor or event that you know of.

We also welcomed 2 new staff in November. Tanisha joined our team at Arborgate in the preschool room and Hayley joined our team at Principale in the Preschool/Before and After Room.

I wish you all a safe and Happy Christmas and new year!
